

DELPHIC

1966

St. Helen's Hall
Portland, Oregon

Youth :

Action,
Vitality,
Breathing.

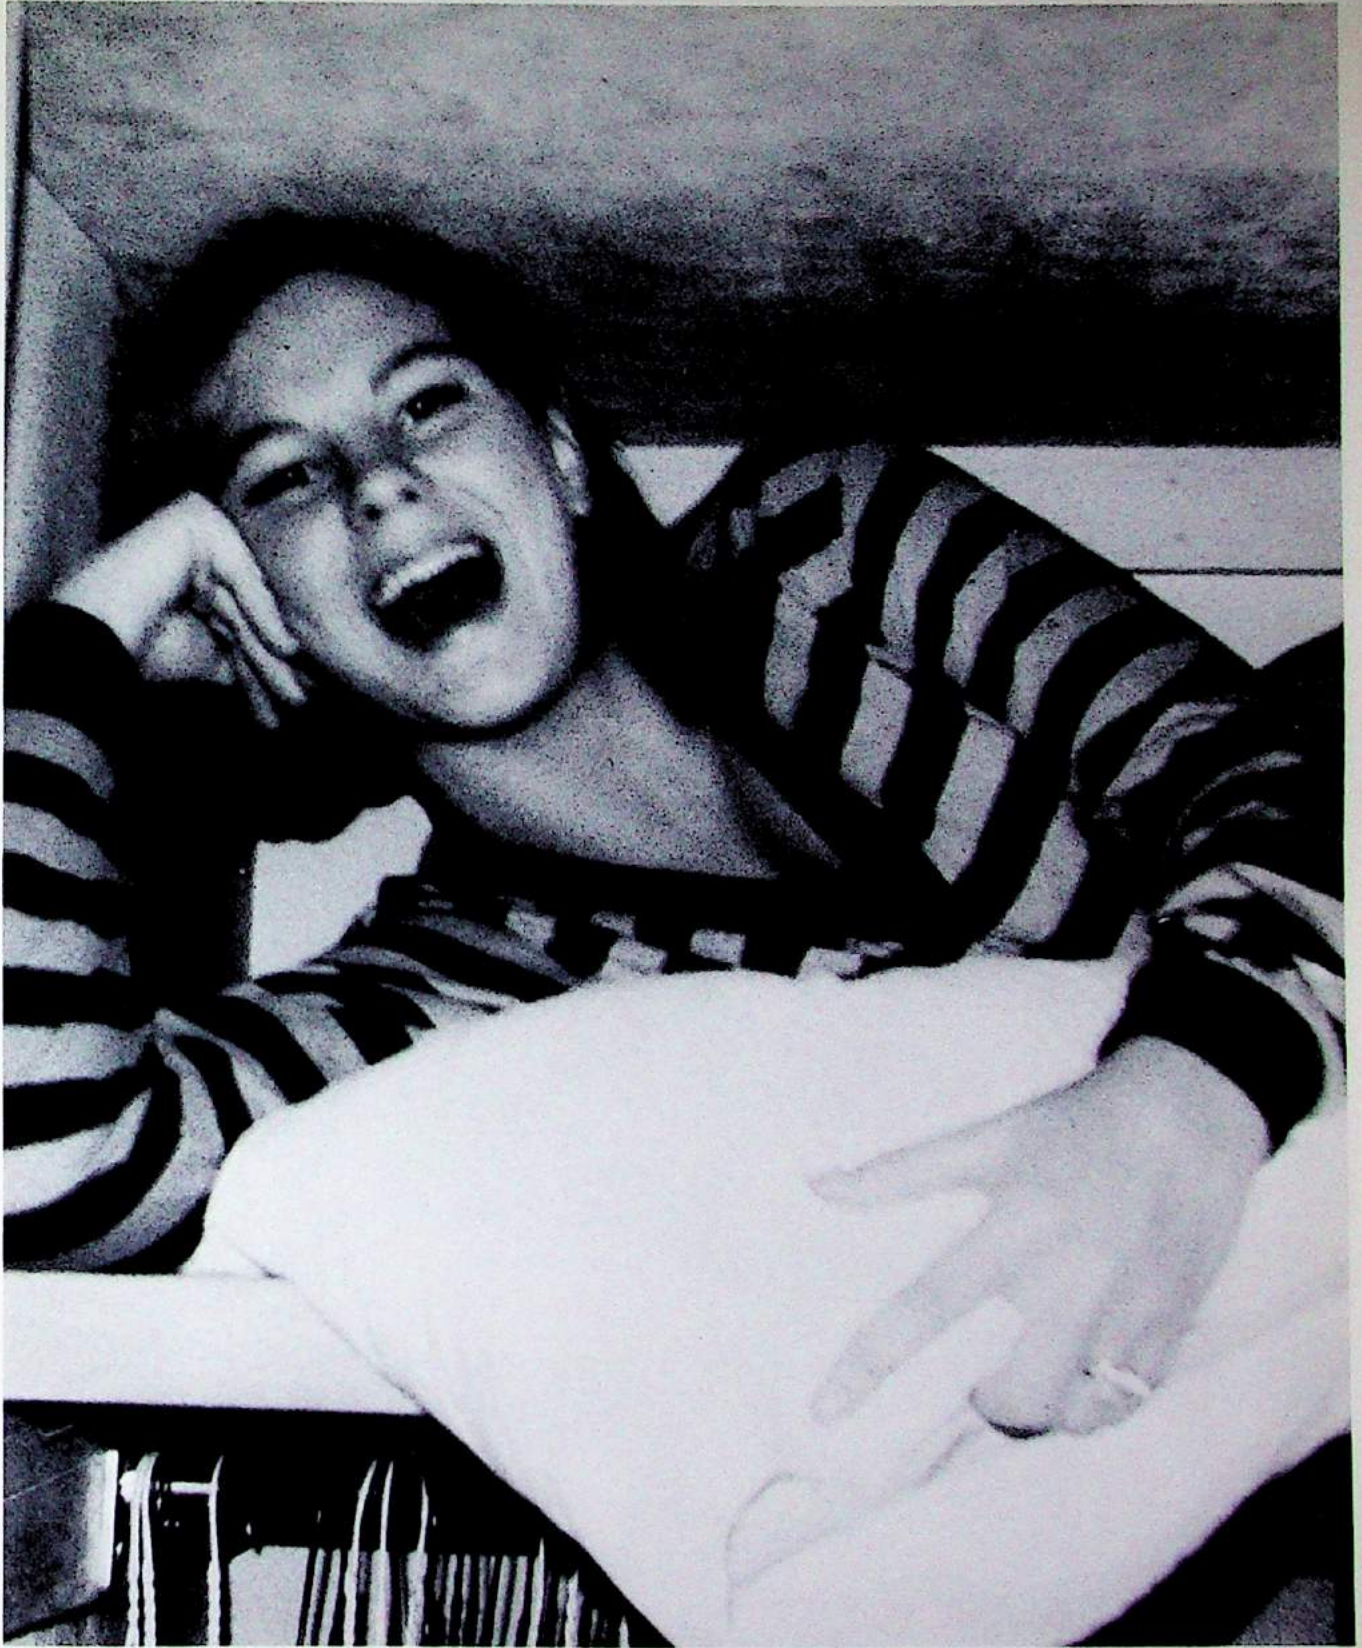

Savoring every moment,

A source of idealism,
of expectation,

Reaching for the
essence of meaning
in all facets of life.

Bursting,
like ballons,
with
unquenchable
energy.

We: the dream of today,
the reality of tomorrow,
How we live,
and why.

Youth is action: a time to learn and
to achieve—

It is vitality

idealism

an expectation

the indecision found

in laughter and in tears;

A time to dream and to discover;

A time too soon gone—

and often forgotten

as we are caught up in the

world of reality

in which we lose that indefinable feeling:

the spirit of youth.

But in some the spirit lives eternally—

Embodied within them is an understanding

and a concern for youth—

ever-giving

a laugh,

a word of encouragement,

of consolation,

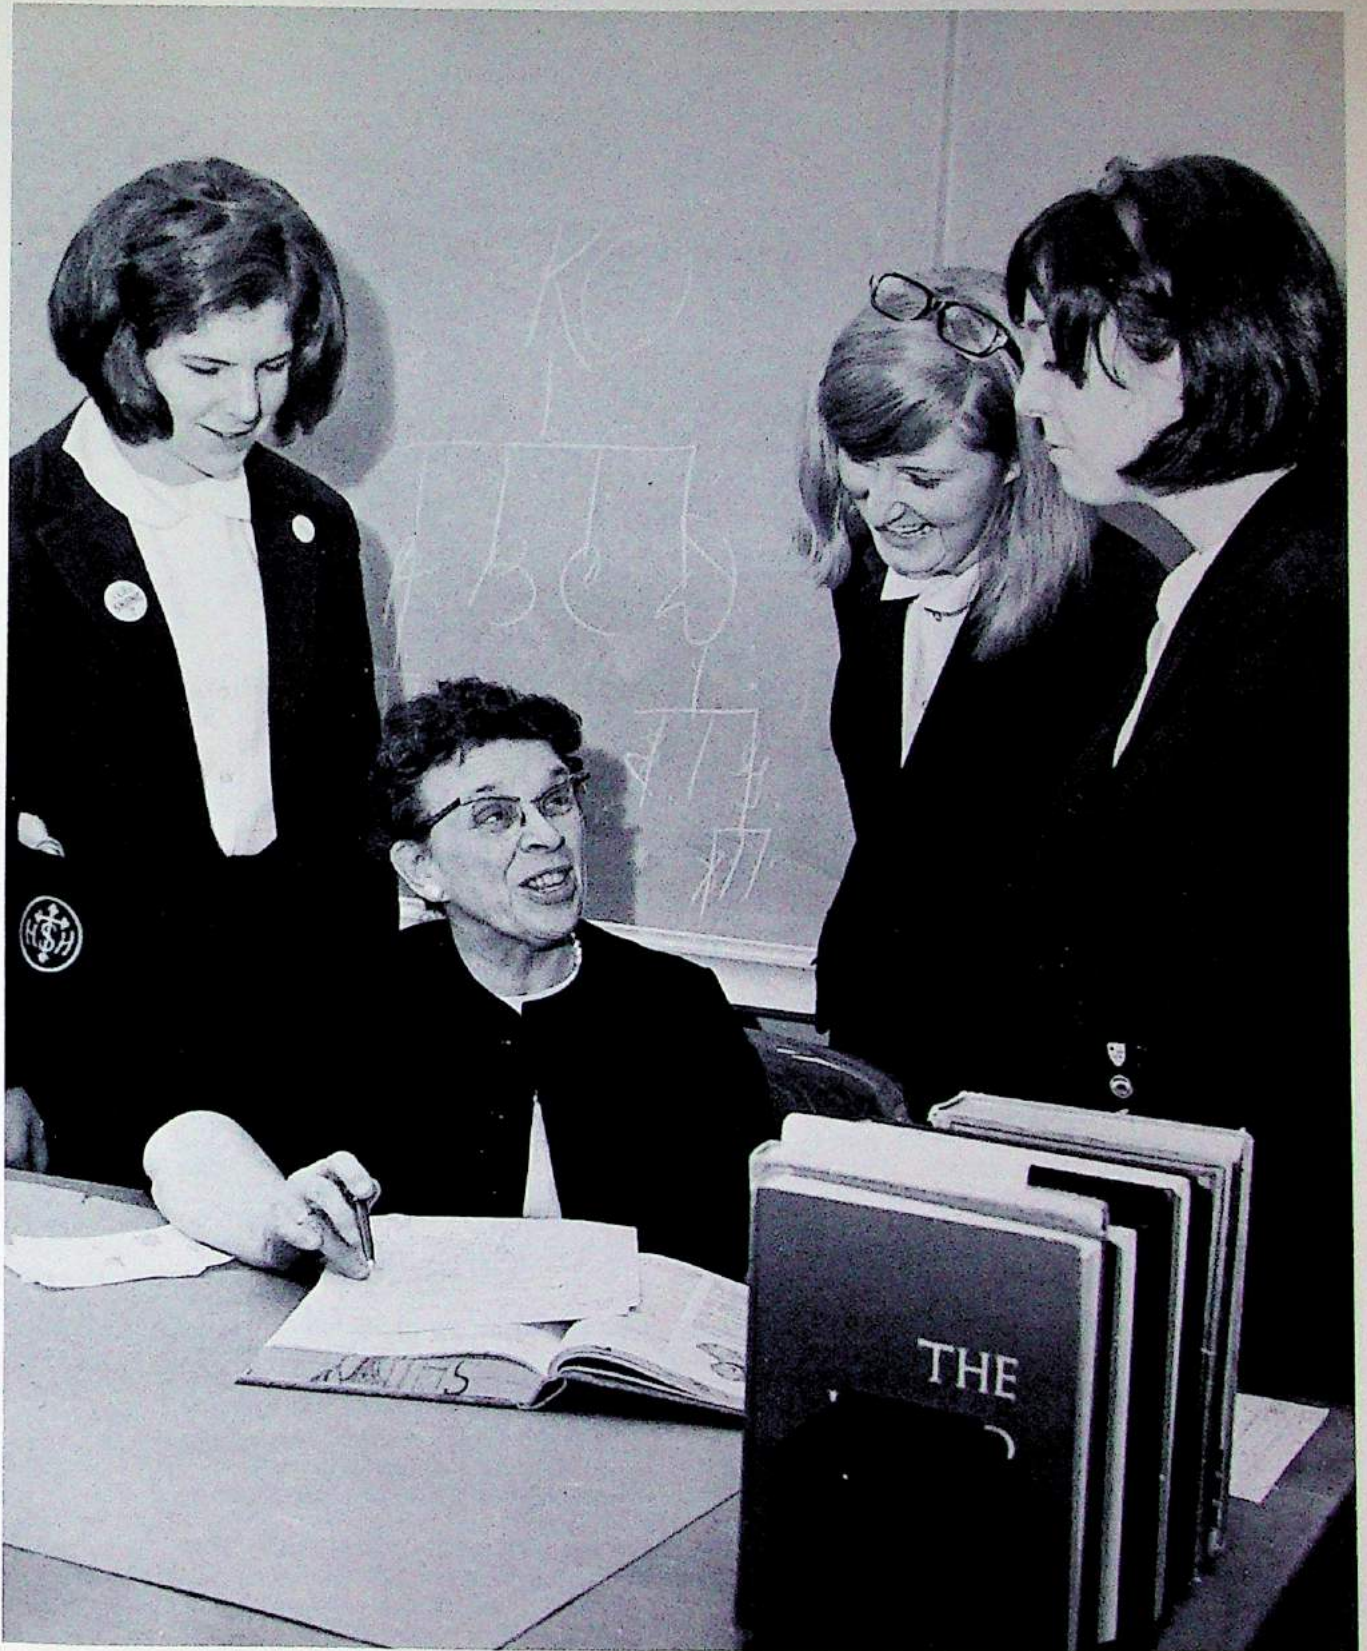

Instilling within us, the young,

a hope for the future,

a desire to reach out

and grasp this gift that is offered.

It is with the joy of youth and with deepest gratitude that we, the
class of 1966, dedicate this DELPHIC to Isabelle McKirdie—our spirit
of Youth.

Gertrude Houk Fariss, Principal

To You . . .

Youth, like love, is indeed "a many-splendored thing". Like a beautiful crystal pendant, constantly moving and shifting in the breeze, it is saturated by the rain, clear and cold in the still atmosphere, and dancing with myriad colors in the sunlight.

It is a time of tempestuous storm . . . breathless waiting . . . indescribable joy. It is filled with unbelievably swift journeyings to depths and heights. It knows utter inadequacy and unshakable confidence . . . despair and delight . . . misery and ecstasy. It has its hours of intense hatred and passionate love. It experiences only moments of calm and contemplation.

The truly vital part of youth, through all of this kaleidoscopic movement, running every gamut of emotional response, is encompassed in its first three letters. For youth is a time of supreme creation. You are creating *You*. You are determining with whom you will live for a lifetime, during every moment of each day and each night. You are etching deep lines into a coin which will carry the image of *You*—as a friend . . . as a daughter . . . as a wife . . . as a mother.

Lack of concern, of self-respect, and of innate dignity will gradually fill the lines with dust, and your image will be a pitifully dull one. A strong concept of personal standards, social ethics, and moral and spiritual values will leave the lines clean-cut, and the image will become more glowing and beautiful with every passing day.

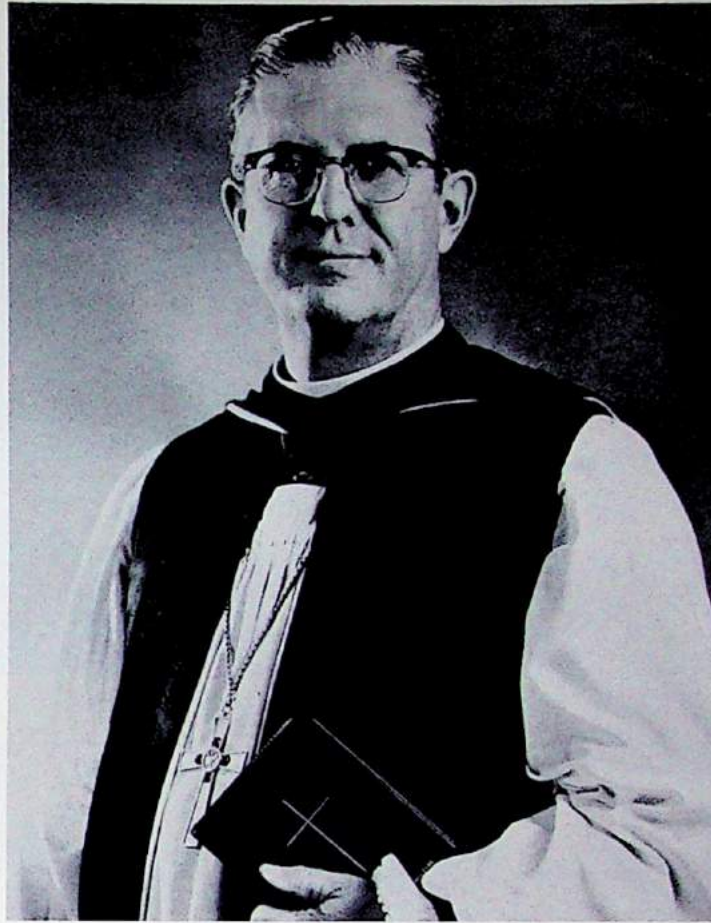

Into the image will be indelibly etched many of your experiences—much of your learning—at St. Helen's Hall. The lines will be deepened during your college years. May they create an image which will fill you and those who love you with pride and happiness and fulfillment.

Youth in action . . .
You in action!

May the action always be worthy of *You*.

With affection,
from
Gertrude Houk Farris

Administration

The Rt. Rev. James W.F. Carmen, D.D.

Sometime in the future, perhaps many years hence, perhaps at a reunion or just with one of the graduates of 1966 that life decrees will always be a nearby neighbor, you will be having fun looking at this book. The topic will be DO YOU REMEMBER? The people and events which will be recalled are not likely to be those you felt to be important in 1966. As I have talked with the alumnae during the past ten years, and particularly during the last four years when we have worked hard to relocate the school, I have been impressed by their memories: memories of teachers, most of them nuns, Sisters of the Order of St. John the Baptist. The Hall gave them, and it must continue to give to all of its graduates, a stiff moral and spiritual standard, rooted in the Christian Faith. Each member of the class

of 1966 will be making moral and spiritual choices all during her life. The man she marries? What she will teach her children? These choices will be a thousand times more important to your happiness and that of your children than all of the technical choices you might make in a selected academic major. So I hope when you have a good time looking at this book years hence you will be able to say, "Do you remember that improvised Chapel we marched to every morning? Look at the beautiful one they have now."

May God bless you always,

James W. F. Carman
Bishop of Oregon
